Team Coach (Potentially You 😊)

Developer

Customer

Your Responsibilities

- Your role: **Coach of one development team** of the iPraktikum
 - You **support** in communication, agile methods, dealing with problems, ...
 - ... but you don't focus on development work
- All **coaches meet weekly** to discuss the status of their project
- Coaches additionally **lead/improve one workflow** team:
 - Architecture
 - Deployment
 - UI/UX

You should be able to though 

Prerequisites

- You have already taken part in a project at the group of Stephan (Krusche)
- You are familiar with **agile software engineering** (e.g. Scrum)
- You have excellent communication skills in English
- You are **motivated** and can **dedicate time to this course**
(this means being flexible to adapt to your team)
- You have experience in object-oriented programming
- You have knowledge in mobile development (In particular iOS)
- You have experience in software design and technology management

10 ECTS!

Milestones

- **October 10, 10:00 - 17:00***: Coach Kickoff
- **October 17, 17:00**: iPraktikum Kickoff
- **December 12, 17:00**: Design Review
- **February 6, 17:00**: Client Acceptance Test

* tentative
